

Activity 2 — Decision sheet

One per pair · screen reader on for both components · 20 minutes

Names _____

1. THE FAKE BUTTON — COUNT BEFORE YOU CHOOSE

ROUTE A — MAKE THE <DIV> BEHAVE	ROUTE B — REPLACE THE ELEMENT
Changes needed:	Changes needed:

We chose route ____ because:

However you go, the chips are a toggle set. The reader has to announce which one is on.

2. THE SILENT COUNTER

WHAT WE HEARD	BEFORE	AFTER
The results count, on filter change		
The empty state (Postgraduate filter)		

If the empty state announces nothing on your first attempt, re-read the last line of the live regions slide before changing anything else.

SWAP AND LISTEN

One thing the other pair did that we did not:

Assessment evidence for outcome 3. Submit with your repaired code.
